Sabin Intermediate Diverse Learner Teachers
Sabin Dual Language Magnet School – 2216 W. Hirsch St. – Chicago, Illinois

Homework

Every week, students will be given a brightly colored homework packet. Each packet is comprised of: reading logs and math work. Students need to complete all components of the packet and turn it in every Friday. Math work are spiral reviews.

Reading

Students are expected to read for at least 30 minutes per night. As the year progresses, we will try to increase our reading stamina. Students have simple reading logs to fill in Monday through Thursday; they are due every Friday.

Math

Students receive 4-5 math sheets per week, targeting specific skills. These packets are spiral reviews to practice what they have already learned.

Classwork

Students continue to work individually on their IEP skills. In addition to their independent work, students are engaged in whole group math and writing lessons. Our focus with writing is to get students to add details to their writing, no matter what genre they're working with.

Monday	Tuesday	Wednesday	Thursday	Friday

October NEWS

Happy OCTOBER!

Hello Families!

We hope everyone is getting settled into the school year! Students have been receiving weekly reading logs and Math homework packets. They are to complete one page each day for Math and one box for each day on the reading log. Students have been working on building a strong learning community for reading. For Math, students have been learning about place value with decimals. All work pertaining to the lesson being taught will be completed during class time and is considered class work. Please encourage your child to practice their reading with Raz kids and IXL for Math.

Please let us know if you have any questions or concerns.

**Boxes of tissues, hand sanitizer, and pencils
are greatly appreciated!**

Thanks!

Mrs. Lamar
